Boxford Town Library
Policy on Library Accounts & Cards

The Boxford Town Library registers Boxford residents as library patrons by creating library accounts. Library accounts give the patron access to all library resources either procured locally or as a benefit of being a Certified Municipality by the Massachusetts Board of Library Commissioners (MBLC), and the Town of Boxford’s membership in the Merrimack Valley Library Consortium (MVLC). Possessing a Boxford Town Library account and associated library card is a privilege and as such access to library resources and services may be curtailed if usage violates policies of either the Boxford Town Library and or MVLC. The library account holder, or the parent(s) or legal guardian(s) of a minor child (under the age of 18), is responsible for the care and usage of all borrowed resources and their potential replacement cost.

The Boxford Town Library issues library cards to Boxford residents at the time their library account is created, to be used as a form of identification at the time of a library transaction to gain access to a patron’s library account (personal records pertaining to library usage). Library cards are the most efficient proof of identification at the time of a library transaction and patrons are highly encouraged to present their library cards. If the library card is not available at the time of a Library transaction, alternative forms of identification may be used to access a patron’s library account.

The Boxford Town Library creates two types of library accounts, Permanent, and Temporary. Permanent Library Accounts are created and cards issued to individuals for the default year limit set in accordance with the policies of the Merrimack Valley Library Consortium. To be issued a Permanent Library Account, individuals must present one (1) form of Positive identification, and one (1) form of Proof of Residency in the Town of Boxford at the time the library account is created and a library card is issued. In the case of minors (under the age of 18), Positive identification and Proof of Residency may be satisfied by the parent(s) or legal guardian(s) if the minor is not able to provide them. Temporary Library Accounts are issued to individuals for a set period of one (1) month, non-renewable. Temporary Library Accounts can be issued to individuals at the discretion of Library staff in situations when residency or, in the case of minors (under the age of 18), when responsible guardianship, is not able to be confirmed at the time the request for a library account is made. Library staff may use their best judgement to issue a Temporary Library Account to an individual if a situation arises when a Permanent Library Account is not able to be issued. Temporary Library Accounts can be changed to Permanent Library Accounts if the library account holder can meet the Positive Identification and Proof of Residency Criteria.
