To: Kevin Bourque <kbourque@boxfordlibrary.org>

One of our providers of the statewide databases, Gale Cengage, is offering open access to some of its resources to support preK – undergraduate learning. These are resources that we do not have as part of the statewide databases.

- **Miss Humblebee’s Academy** - an interactive kindergarten-readiness program that introduces children ages three to six to key concepts in math, science, social studies, language and literacy, art, and music. It’s as challenging as it is fun!

- **Gale In Context: High School** - supports student papers, projects, and presentations while empowering the development of critical thinking and problem-solving skills with content aligned to national and state curriculum standards.

- **Gale In Context: College** - interdisciplinary content that reinforces the development of skills such as critical thinking, problem-solving, communication, collaboration, creativity, and innovation.

- **Gale In Context: Canada** - an engaging online experience for those seeking contextual information on a broad range of Canadian topics, people, places, and events.

**NOTE:** These databases are not set up the same way as our Gale databases. If you get asked for a password for any of these resources, use “open” (no quotes).
