To: Kevin Bourque <kbourque@boxfordlibrary.org>

Massachusetts Library Networks are collaborating to bring you LEA, a new and innovative way to gain access to more eBooks and audiobooks. Powered by OverDrive, LEA makes it possible for you to borrow eContent in all Networks regardless of your home library.

With LEA, you can access eBooks, audiobooks, and more from libraries across the Commonwealth using your phone, tablet, or eReader. There are 345 partnering libraries with an estimated collection of over 350,000 eBooks and audiobooks! Using it is easy:

1. Install the Libby app from your device's app store.
2. Open the app and follow the prompts to find your library and sign in with a valid library card.
3. Browse your library’s collection and borrow a title.
4. NEW Don’t see the title you’re looking for in your library’s collection? Use your library card to sign in to another Library Network and find it there. For more information, visit the step by step instructions created by the SAILS network.

Use these instructions for tablets, smartphones, Chromebooks, and devices running Android 4.4 or higher, iOS 9 or higher, Windows 10. For nook Color and Kindle Fire, please use the OverDrive app.
