Storyline Online receives over 100 million views annually from children all over the world. Reading aloud to children has been shown to improve reading, writing and communication skills, logical thinking and concentration, and general academic aptitude, as well as inspire a lifelong love of reading. Teachers use Storyline Online in their classrooms, and doctors and nurses play Storyline Online in children’s hospitals.

Storyline Online is available 24 hours a day for children, parents, caregivers and educators worldwide. Each book includes supplemental curriculum developed by a credentialed elementary educator, aiming to strengthen comprehension and verbal and written skills for English-language learners.

Storyline Online is a program of the SAG-AFTRA Foundation. The Foundation is a nonprofit organization that relies entirely on gifts, grants and donations to fund Storyline Online and produce all of its videos.
